## **Broad-Based Black Economic Empowerment (BBBEE) Socio-economic Development Contributions** to **AuksanoTrauma Therapy Centre** Bloemfontein, Freestate

*Auksano Trauma Therapy Centre*'s mission is the provision of long-term therapy to victims of destructive sub-cultures, as well as pro-active interventions to society, such as training and workshops. *Auksano* treats traumatised people from all race and gender groups in the community and countrywide. Their focus areas for service delivery are victims of: Trauma, Child Trafficking, The Occult and Substance Abuse.

*Auksano* has a multi-disciplinary team with counselors and therapists who have a holistic approach to their clients. The clients receive long-term therapy in a controlled environment until they are ready to function properly within society again.

Only 10% of *Auksano*'s clients are able to pay for the services rendered. This is due to the effect of their destructive surroundings over a period of time.

During the last financial year 70,75% of the people treated by *Auksano* were per BBBEE definition Black.

The percentage of contributions to *Auksano* that can be taken into account for BBBEE Socio-economic development purposes, are therefore **94,33%** of target.
